Response to Amendment

Applicant's amendment filed 10/09/07 has been entered and made of record.
By this amendment, claims 8 and 15 are cancelled. Claims 32-39 are added new.
Claims 1-7, 9-14 and 16-39 are pending in the application.

Response to Arguments

2. Applicant's arguments, see pages 9-11 of the remarks, filed 10/09/2007, with respect to the rejection of claims 1-2, 4-7, 11-12, 16-17, 20, 22-24 and 29-31 under 35 USC 102(e), have been fully considered and are persuasive. The rejections of claims 1-2, 4-7, 11-12, 16-17, 20, 22-24 and 29-31 have been withdrawn. However, upon further consideration, a new ground(s) of rejection is made as follow.

Double Patenting

3. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. A nonstatutory obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but at least one examined application claim is not patentably distinct from the reference claim(s) because the examined application claim is either anticipated by, or would have been obvious over, the reference claim(s). See, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422

Application/Control Number: 10/632,291

Art Unit: 2624

F.2d 438, 164 USPQ 619 (CCPA 1970); and *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) or 1.321(d) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent either is shown to be commonly owned with this application, or claims an invention made as a result of activities undertaken within the scope of a joint research agreement.

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

Claims 1-7, 9-15 and 16-39 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-3 and 5-36 of copending application No: 10/632,292. Although the conflicting claims are not identical, they are not patentably distinct from each other because the instant invention, as defined in the instant claims, would have been obvious to one of ordinary skill in the art in view of the invention defined by claims 1-3, and 5-36 of the copending application. Furthermore the instant claims include the use of the transitional term " comprising " which fails to preclude the possibility of additional features or elements, and further because anticipation is " the ultimate or epitome" of obviousness (*In re Kalm*, 154 UAPQ 10 (CCPA 1967), also *In re Daily*, 178 USPQ 293 (CCPA 1973) and *In re Pearson*, 181 USPQ 641 (CCPA 1974)), the instant invention would have been obvious to one of ordinary skill in the art in view of the invention defined by the copending application.

4. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Kanji Patel whose telephone number is (571) 272-7454.

The examiner can normally be reached on Monday to Thursday from 8 a.m. to 6:30

p.m. If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Lillis Eileen can be reached on (571) 272-6928 The fax phone number for

the organization where this application or proceeding is assigned is (571)-273-8300.

Information regarding the status of an application may be obtained from the

Patent Application Information Retrieval (PAIR) system. Status information for

published applications may be obtained from either Private PAIR or Public PAIR.

Status information for unpublished applications is available through Private PAIR only.

For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic

Business Center (EBC) at 866-217-9197 (toll-free).
